PATIENT INSTRUCTIONS

MRI

Our short-length, wide bore MRI scanner is a very comfortable scanner. Moreover, it offers very high image quality. We also let you select your own music for your scan to increase your comfort level. MRI scanners do not use radiation.

Please arrive 15 minutes before your exam. Patients should wear metal-free clothing or a hospital gown. Please remove all jewelry, watches, piercings, etc. There are no eating or drinking restrictions.

If patient is diabetic, BUN: _____ Date: ____

If the patient is claustrophobic, medication may be given. You must have a ride to and from your appointment.

Does patient have?	
Pacemaker/Defibrillator	□Yes □No
Ferromagnetic prosthesis	□Yes □No
Ferromagnetic aneurysm clip	□Yes □No
Claustrophobia	□Yes □No
Other implanted device	□Yes □No
Metal anywhere in body	□Yes □No
Tattoo/Body piercing	□Yes □No
Ortho pins/Screws/Rods/Joints	s□Yes □No

CT

Our CT scanner technology delivers up to 40% less radiation per dose than traditional CT scanners. We also use detailed protocols and other techniques to ensure your radiation dose is as small as possible.

Do not smoke, eat or drink for two hours prior to your exam. If you are receiving oral contrast, please arrive one hour before your exam. If you are receiving IV contrast, please arrive 15 minutes prior to your exam.

If patient is diabetic, BUN: _____ Date: _____

ULTRASOUND

Our state-of-the-art equipment produces very clear 3D digital images using sound waves (no radiation).

Please arrive 15 minutes before your exam.

- For abdomen studies, do not eat or drink for eight hours prior to your exam (except water and necessary medications).
- · For kidney studies, drink three 8 ounce glasses of water one hour before your exam and keep your bladder full.
- For pelvis studies, drink three 8 ounce glasses of water one hour before your exam and keep your bladder full.
- For **pregnancies** in the first 14 weeks drink three 8 ounce glasses of water one hour before your exam and keep your bladder full. For pregnancies after the first 14 weeks it is not necessary to have a full bladder.

Directions and map to Swedish Mill Creek campus

Traveling from I-5:
